VISITORS. You are cordially invited to visit our Show Gardens any day, Sundays included, during blooming season starting about May 15th, and continuing through June. This year we will have over 1000 varieties of Irises, over 100 of the better varieties of Peonies and some 40 varieties of the latest Oriental Poppies in all colors imaginable.

GARDEN CLUBS, why not hold one of your regular meetings here, and have a picnic dinner. We now have a small park in connection with plenty of shade trees, lawn and tables. Come any time.

RETAIL IRIS LIST

BLOOMING SIZE RHIZOMES. Our roots are the largest that can be grown with the best of soils, plenty of fertilizer and good cultivation.

POSTAGE OR EXPRESS. I prepay on all Retail Iris orders amounting to \$1.00 or more. For a single rhizome add 10 cents, for 2 rhizomes add 15 cents, for 3 or more rhizomes add 20 cents and I will prepay the postage. Certainly if one rhizome sells at \$1.00 you add nothing, but a 15 cent Iris would cost you 25 cents prepaid. Most Firms will not send less than \$1.00 worth but I am doing this as a TRY OUT this year for the first time.

VISITORS can place orders for Irises during blooming season providing order amounts to \$1.00 or more. A deposit of \$1.00 is required on orders of \$4.00 or less and 25% on orders of over \$4.00. Balance due when goods are called for.

C. O. D. Goods from Retail Iris list may be sent C. O. D. providing \$1.00 is sent on orders of \$4.00 or less and 25% on orders over \$4.00. No deviations from this rule.

SECOND CHOICE. Late in season it is very important that you make a second choice as we do not substitute unless requested to do so. All orders are filled in turn and subject to prior sale.

CULTURAL DIRECTIONS. Plant Iris with the rhizome barely covered. The very best time is from July 15th to Aug. 15th. For Southern States later is better on account of the dry weather earlier. Iris may be planted in North until ground freezes but must be mulched if planted too late for roots to take hold. The poorest time to plant Iris is while in bloom.

RATINGS. These ratings have all been taken from the American Iris Society's Bulletins: 1922, 1927, 1932 and 1933. The score card is constantly becoming more rigid as the years advance. For this reason we are giving you the year that each rating was given. As an example of the different years' ratings: Lent A. Williamson in 1922 was 96, in 1927 was 88 and in 1932 was 75. Not all varieties will vary in the same ratio. We use the latest rating except that in 1932 a great many ratings were by one judge only in which case we give the 1927 rating given by five or more judges.

EXPLANATION of figures preceding Iris names. The first two are the ratings on basis of 100. The next two are the years in which the rating was given. The figures in parenthesis denote the number of judges giving the rating. Where the third pair of figures is blank it denotes that there were five or more judges. Where no rating is given the variety has not been rated.

ABBREVIATIONS. The Star (*) indicates fragrance. T., Med. & Low, refer to height, meaning Tall, Medium and Low. E., MS., and L. refer to season of bloom, meaning, Early, Mid-season and Late

TIME OF SHIPMENT of Iris rhizomes from July 15th until ground freezes, usually Nov. 10th. Rhizomes July 15th are about half the size of Sep. 1st and later.

HOW TO MAKE OUT YOUR ORDER. Arrange the names in columns as follows
1 APACHE .15

4 DOLLY MADISON 1.40

Do not use the ratings or color descriptions on your orders. If you want prompt service arrange alphabetically and do not mix Iris from wholesale list or Half price Bargain list in with the Retail order. Use a separate sheet of paper. It need not be one of our order blanks. Any paper will do. Poppies and Peonies should also be on separate orders from Iris as they are sent later.

NEW PEONY SALES PLAN

WE HAVE BEEN SELLING for several years now Peony plants three and more years old with soil attached. Our soil has enough clay in it that at proper time we can dig Peonies with a clump of soil about the size of a bushel basket. We deliver to Toledo homes in this manner and if soil is kept in tact until planted your Peony will bloom following year same as in our fields saving you 3 years time. If you will visit our place during blooming time you can select the identical plants you wish and we will save them for you. Each three year old plant makes 3 to 5 divisions as regularly sold. Price of full clumps with soil is necessarily higher. We can not sell plants this way out side of Toledo as the clump is worthless except for dividing if soil is detached. Peonies grown in sand can not be sold this way. Prices given at blooming time if you visit us.

MIXED IRIS \$2.00 per 100

ASSORTED varieties, many colors, our selection, not labeled, at \$2.00 per 100. Postage or express paid by customer when received.
